## You Are Being Tracked

Even if you've done nothing wrong.

Everyone is filmed.  
All the time.  
No warrants.  
No oversight.

## Your Movements Are Shared

Data is controlled by a private company. Flock has shared directly with ICE and other federal organizations.

## Corporate Surveillance

Taxpayer dollars spent on surveillance means money leaving our community. That money could fund schools, libraries, and healthcare.

## Stop The Abuse

Flock systems have already been misused for stalking, immigration enforcement, and abortion tracking. Tell your city councilors to terminate the contract!
